Table of contents

1	Summary	7
2	Forecast NEVs	13
3	Current situation for EV and plug-in hybrid passenger cars	15
4	Regulation	22
4.1	Subsidies	22
4.2	CAFC (Corporate Average Fuel Consumption)	24
4.3	Carbon Credit Scheme and NEV Mandate	26
4.4	Safety standards for EVs and recycling for EV batteries	28
4.5	The NDRC is history	29
5	Reasonable game plans for reaching the CAFC and the NEV quota	30
6	Will 48V become mainstream in China?	38
7	Batteries	41
7.1	Regulation and current status	41
7.2	Forecast of battery capacity and demand	43
7.3	Consolidation of the EV battery industry	46
7.4	Regulation on battery recycling	48
8	Charging stations	50
9	Longterm visions of the government	54
9.1	NEV Roadmap	54
9.2	National Intelligent Connected Vehicle Pilot Zone	54
10	Fuel cells in China	56
11	NEV strategies of existing Chinese OEMs	57
11.1	Geely	57
11.2	BAIC BJEV	58
11.3	Chery New Energy	58
11.4	GAC New Energy	59
11.5	JMC New Energy (JMEV)	60
11.6	JAC-VW	60
12	New entrants for NEVs	61

12.1	Nio.....	64
12.2	Byton.....	66
12.3	CH-Auto Technology.....	67
12.4	XPENG.....	68
12.5	Lvchi Auto.....	69
12.6	Baoneng.....	71
12.7	AIWAYS.....	72
12.8	Chongqing Jinkang.....	72
12.9	ICONIQ.....	73
12.10	Jiangsu Minan Auto.....	73
12.11	NEVS.....	74
12.12	Changjiang EV.....	74
12.13	Wanxiang Group.....	75
12.14	Yudo New Energy.....	75
12.15	Zhidou.....	75
12.16	Henan Suda.....	76
12.17	Hozon Auto.....	76
12.18	GreenWheel EV.....	77
12.19	Techrules.....	77
12.20	LeEco.....	77
12.21	Faraday Future.....	78
12.22	Lucid.....	79
13	Commercial vehicles.....	80
14	EV Car Sharing Schemes.....	83
14.1	The problem with parking lots.....	83
14.2	EVCARD.....	84
14.3	Microcity EV.....	85
14.4	LeShare.....	85
15	Major subsidy fraud for EVs.....	86

Table of figures

Figure 1: Forecast EV and Plug-In Hybrid production China.....	14
Figure 2: EV passenger cars monthly production.....	15
Figure 3: Market share EV passenger cars by brand 2017.....	16
Figure 4: Top 15 EVs.....	17
Figure 5: BAIC EC Series.....	18
Figure 6: ZD D Series (owned by Geely).....	18
Figure 7: JAC iEV.....	18
Figure 8: Plug-In hybrid passenger car production.....	19
Figure 9: Plug-in hybrid passenger car by model 2017.....	20
Figure 10: Subsidies for EV passenger cars.....	22
Figure 11: Changes to the subsidies in 2018.....	22
Figure 12: Corporate Average Fuel Consumption Limits.....	24
Figure 13: Super credits for CAFC calculation.....	25
Figure 14: Super credits for the NEV mandate.....	26
Figure 15: Credits that current EVs would get in 2020.....	27
Figure 16: Cost and fuel savings of EVs and hybrids.....	30
Figure 17: Cost and fuel benefits of traditional powertrain components.....	31
Figure 18: Penetration rates for traditional fuel saving technologies.....	32
Figure 19: Potential game plan for Beijing-Benz 2020.....	33
Figure 20: Potential game plan for SAIC-VW 2020.....	34
Figure 21: Potential game plan for FAW-VW 2020.....	35
Figure 22: Potential game plan for Great Wall 2020.....	36
Figure 23: Potential game plan for BYD 2020.....	37
Figure 24: Forecast for 48V mild hybrid equipped card by brand in China.....	38
Figure 25: Global Li-Ion battery capacity and China's share.....	43
Figure 26: Current and future capacity of battery suppliers.....	44
Figure 27: Battery capacity demand.....	46
Figure 28: Standards for charging stations.....	50
Figure 29: Charging stations by February 2018.....	51
Figure 30: DC charging stations plan for 2020.....	52
Figure 31: Regional plan for charging stations in 2020.....	52
Figure 32: Topics of A NICE CITY.....	55
Figure 33: Expansion plans of A NICE CITY.....	55
Figure 34: Technical details of A NICE CITY.....	55
Figure 35: Plan for the number of H2 stations and FCVs.....	56
Figure 36: The 15 new EV license holders.....	61
Figure 37: 17 items for the new EV license.....	62
Figure 38: Patents of new entrants in NEV.....	63

Figure 39: Capacity plan of Lvchi Auto.	70
Figure 40: Model plan of Lvchi Auto.....	70
Figure 41: Commercial vehicle EVs (YTD May)	80
Figure 43: Changes to the CV NEV subsidies in 2018	81
Figure 44: Station of Microcity EV in Hangzhou	85
Figure 45: Detailed EV fraud list	88
